**Student Writing Release Form  
University Writing Program**

The University Writing Program is asking your permission to use the work you have produced for this class in order to better train our instructors and support future student learning. Examples from student writing help us improve our teaching. Examples help us show future students how former students approached the assignment. We also use authentic student writing in developing writing teachers in order to highlight what authentic student writing looks like.

If you agree to allow the program to use your work from this class, all identifying information will be deleted and the writing will not be used for any purposes other than those stated above. Your decision to participate in this will not affect your grade or academic standing in any way.
